## DRIVING BUSINESS GROWTH IN AFRICA THROUGH BEST LEGAL PRACTICE

### We are specialist African lawyers

Specialist cross border practice groups have been established for banking/finance, competition/antitrust, corporate/M&A, dispute resolution, insolvency/business restructuring and mining. Popular business and specialist guides (including mining, insolvency/business restructuring and the enforcement of foreign judgements and arbitral awards) are freely available on our **website [www.lexafrica.com](http://www.lexafrica.com)**

### Our focus is to provide flexible and effective solutions as an African “one stop shop”

Our lawyers understand that effective solutions do not only involve a sound practical understanding of the law but also flexibility, innovation, experience, expertise and a practical and intimate knowledge of local customs and cultures, business practices, opportunities and the political and economic environment. We tailor our services to the client's needs in the most cost effective manner possible.

### We are a “Living Alliance” of African lawyers

Our lawyers have close professional relationships and friendships developed over many years. An Annual General Meeting is held in a different African country and LEX Africa is managed by a management committee of lawyers from over 8 countries. Through Lex Africa, clients have access to a powerful Pan-African cross border team throughout the continent.

LEX Africa is ranked as a **Band 1 Leading Regional Law Firm Network** by Chambers and Partners.

Our members are top performing law firms and lawyers in their respective countries and are recognised with over **250 rankings** by major legal directories as leaders in their fields.
